## GOOD SEASON FOR ROUND MT.

For the past two weeks the snow fall, both on the Toiyabe and Toiyabe ranges, has been very heavy, and the outlook for hydraulic mining is better in the history of the county. A restraining dam has been completed to hold back the waters accumulating on the east side of the valley so that they will not run off with the first freshet, but will be kept in reserve for the placer season, which promises to have an early resumption.

The Round Mountain Mining company is not doing any work on company account, but the entire Fairview property has been let to lease, whose operations keep the hoist going day and night. Two ore goes to the Daisy mill.

Charles J. Kanohar is taking out some high-grade silver ore in Jefferson canyon, and a considerable tonnage will be ready for freighting when the roads are opened.

A. J. Kanter has resumed the management of the New Ophir mine in Ophir canyon, succeeding Thomas Harrington, who moved to Goldfield, where he has taken a lease on the Consolidated. Mr. Kanter has purchased a compressor which will be used to rush work driving the Ophir tunnel. This mine is credited with an early-day production of \$6,000,000. At that time Ophir held the political balance of power in Nevada, and was hummed with activity, and by a population of 1500 people. Manhattan Magazine.

## KILLS SELF AT STATE PRISON

News was received in Tonopah yesterday afternoon of the suicide of George Strickland, an inmate of the prison, who was sent there from this city after his conviction for holding up the Desert Club last May.

Strickland entered the prison barber shop for his shave and before the prison barber could prevent him, Strickland had seized a razor and drew it across his throat, severing the windpipe and jugular vein.

The deceased was thought by many to have been unbalanced in mind, for no sane man would have acted as he did after the holding up of the 10 men in the Desert Club. He was followed to Millers by Jack Grant, then chief of police, and by Head Deputy Bob Dalziel.

When Strickland was encountered at the water tank at that place, he fired a shot at Grant, missing him, and then took to the railroad track. When the northbound train for Reno came along, the officers boarded it, and overtaking the fugitive, the train was stopped. Upon ordering the bandit to throw up his hands, he walked toward the engine with the pistol in his hand, refusing to obey the command. A messenger, who was a dead shot, fired a bullet at him, which penetrated the

## ACCIDENTALLY INJURED BY AUTO

At noon today, as Charles Akin, the auto expressman, was nearing his home on Bryan avenue, near St. Patrick street, he stopped his car to converse with a party, and when he started he heard a scream. Without stopping he jumped from his car in time to see his little three-year-old granddaughter, Lolita Roberts, rising from the ground crying, and the little tot walked several feet toward him before he gathered her in his arms and rushed her to his home. The little girl, a beautiful, curly-haired child, still conscious, was taken to the Mine Operators' hospital, and after a careful examination by Dr. Church, it was believed no bad results will follow the accident. The rear wheel passed over the child's abdomen. No bones were broken, and unless internal hemorrhages occur, which are not expected, the little one will be about again in a few days.

The little girl is the daughter of Guy Roberts, the mother having passed away a few months ago, and the child is making her home with her grandparents, Mr. and Mrs. Charles Akin. The grandfather and grandmother were prostrated, believing the child to be seriously injured.

Mr. Akin says he cannot imagine how the child got upon or around the auto, as she would have had to pass in front of the machine and in view of him. Lolita evidently saw her grandfather coming and when he stopped his machine she ran alongside and was climbing upon the running board when he started, he not knowing that she was near.

At 3:30 o'clock this afternoon the injured girl was reported as doing nicely and suffering little pain.

## CABARET CLOSED BY CITY FATHERS

The town board last Saturday, after the shooting at the Cottage cabaret, revoked the licenses, three in number which had been granted the proprietor with the understanding he was to conduct the business in an orderly manner. The city commissioners, who compose the town board supervising the city's affairs, decided Saturday morning after the place had been "rough-housed" twice in the past eight months, to close it up. The first row at the Cottage occurred about eight months ago when an ex-soldier, an innocent bystander, was shot.

The town board ordered the district attorney to draw up the proper legal resolution revoking the license, which he did, and it was delivered to the board yesterday morning, when the action was taken.

Owing to overcrowded legal work the district attorney was unable to deliver the resolution to the board before yesterday morning.

muscles of the arm between the shoulder and elbow. He was then taken into custody and walked back to Millers, where the officers and prisoner were met by Jack Barrier, then sheriff, and brought to Tonopah. He was tried and sentenced to from five to 25 years.

## AMUSEMENTS

KATHERINE McDONALD AT THE BUTLER TODAY

Katherine MacDonald, generally conceded to be the most beautiful woman in America, will appear in "The Notorious Miss Lisie," at the Butler today.

As Gaenor Lisie, a beautiful girl with a haunting past, who is passing through the French capital with her husband on their honeymoon, Katherine MacDonald employs a type of dramatic talent that so ably portrays the fact that she is a vivacious bride, married but a short while, and yet depressed by the overwhelming burden of a past and may at any moment be exhumed before her husband, who knows nothing of the scandalous affair.

Her fears were not without foundation. Out of the human tide that eddies into Paris from all quarters of the globe, her husband meets an old colleague who tells him of his wife's implication in an affair that kept London agasp. Shall a woman be judged by her past? What is the verdict? Added to the program will be the latest Pathe News.

Tomorrow, Wallace Reid in "Always Audacious," a smashing tale of a shanghaied millionaire, who came back home a stranger. Also a Prizma film, "Deadly Dagga." Coming, "Trumpet Island," a superlative in every sense of the word. Spectacular scenes that are unsurpassed.

## DO YOU REALIZE:

That we have the finest equipped store and market in the State of Nevada?

That we are the only store in Tonopah that is not operating for a profit?

That our purchases are so large that wholesale houses make us special prices much lower than the smaller retailer pays?

That our operating expense is lower than that of any institution of its kind in the State of Nevada?

That we handled more straight carloads of canned goods and milk last year than all the rest of the stores in Tonopah put together?

That our sales for 1920 were over one-half million dollars?
